## DETAILED ACTION

### *Drawings*

1. Figures 1-4, and 6 should be designated by a legend such as --Prior Art-- because only that which is old is illustrated. See MPEP § 608.02(g). Corrected drawings in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. The replacement sheet(s) should be labeled "Replacement Sheet" in the page header (as per 37 CFR 1.121(d)) so as not to obstruct any portion of the drawing figures. If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

### *Double Patenting*

2. The nonstatutory double patenting rejection is based on a judicially created doctrine grounded in public policy (a policy reflected in the statute) so as to prevent the unjustified or improper timewise extension of the "right to exclude" granted by a patent and to prevent possible harassment by multiple assignees. See *In re Goodman*, 11 F.3d 1046, 29 USPQ2d 2010 (Fed. Cir. 1993); *In re Longi*, 759 F.2d 887, 225 USPQ 645 (Fed. Cir. 1985); *In re Van Ornum*, 686 F.2d 937, 214 USPQ 761 (CCPA 1982); *In re Vogel*, 422 F.2d 438, 164 USPQ 619 (CCPA 1970); and, *In re Thorington*, 418 F.2d 528, 163 USPQ 644 (CCPA 1969).

A timely filed terminal disclaimer in compliance with 37 CFR 1.321(c) may be used to overcome an actual or provisional rejection based on a nonstatutory double patenting ground provided the conflicting application or patent is shown to be commonly owned with this application. See 37 CFR 1.130(b).

Effective January 1, 1994, a registered attorney or agent of record may sign a terminal disclaimer. A terminal disclaimer signed by the assignee must fully comply with 37 CFR 3.73(b).

3. Claims 1-22 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-22 of any one of U.S.

Patent No. 6,757,495; 6,757,496; and 6,757,549. Although the conflicting claims are not identical, they are not patentably distinct from each other because the difference between the claims is in breadth of scope.

4. Claims 1, 9, 17, and 22 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 31-33 of U.S. Patent No. 6,819,666. Although the conflicting claims are not identical, they are not patentably distinct from each other because the difference between the claims is in breadth of scope.

5. Claims 1-5, 9-13, 17-18, and 22 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 1-5, 17, 22-24 of U.S. Patent No. 6,757,497. Although the conflicting claims are not identical, they are not patentably distinct from each other because the difference between the claims is in breadth of scope.

6. Claims 1-2, 9-10, 17-18, and 22 are rejected under the judicially created doctrine of obviousness-type double patenting as being unpatentable over claims 28-31 of U.S. Patent No. 6,754,450. Although the conflicting claims are not identical, they are not patentably distinct from each other because the difference between the claims is in breadth of scope.
